

March-July-2014

Yes...The Dye's r amongst the living!

Sorry there has been such a long time of silence... But you've hung in there with us and for that we are so thankful!

Think the last time I wrote you was on Valentines Day. Since then, Paul has returned with glowing reports of being with the Bolivian Brothers and sharing God's Word with them! The high altitude did bother Paul but the blessings of seeing lives touched was worth all the shortness of breath!

We were in Florida during the Easter Season and helped my sister Nancy Dillin to celebrate her 80th birthday on April 12th. Two families said they would take care of the party if we could get my sister there! So we complied and it was a wonderful nite of seeing ole friends and celebrating Nancy's life... We had tried to make the whole thing a surprise, but it wasn't to be ☺ First... She found out about the party by the slip of someone's tongue!. Then, the surprise of our coming she found out as well!! I had to lay that aside and help her celebrate! Tho I was bit perturbed tho, when she called our motel room! What a stinker! But she was very surprised recently tho... when our son Larry went to visit her on his return trip from PA. where he took an engine course there. She was taken back a bit as he stood before her and her mind had to think... Yea! We finally surprised my sister!!!

After the partying, I flew back home to AZ. and Paul continued on his journey to PA. for meetings in a church there. Then he went onto to OH. to test flight a Cessna 185 that another Mission had there. Bad weather, and work on the plane delayed him but he finally finished!

Paul was able to visit his family just 6 hours away and that was a blessing to all! Meanwhile, back at the ranch, I was entertaining our youngest Son Luke, who arrived with his whole family during their spring break and we had the best week ever together! Paul missed it all ☺ But on his way home from OH. he did stop by to visit with Luke and the family and then finally headed back home. He was gone for a month! And I survived...but with the help of my dear family next door! God bless them! We were here to be able to see the arrival of a new Kodiak plane that will be used on our Papua New Guinea field. Our son, along with another pilot helped to fly it home from ID., where it

was made. God is working on our behalf and we stand in awe at His Ways!

The inmates of the complexes here in AZ. were glad to have us back in the swing of things again! It was great to see that they had continued being faithful to the meetings while we were gone while another dear brother from NTM Aviation, Jim Ferguson, took Paul's place in the preaching. But He is retired now, left for Colorado so Paul will not have a replacement anymore when he has to leave. Do pray that God will work in the hearts of men here to get them to be willing to minister to the prisoners of AZ. Thank You!

Lord willing, this next week, we will be hauling a truck loaded with belongings of this family that just retired to Colorado with a trailer. On that trip we will get to visit our daughter whom we have not seen in a coon's age☺ She just came down with Shingles and is really suffering! Would you pray for for Lisa's healing and safety for us please....We are hoping for good weather all the way!

Our grandchildren continue to bless us. Our Kristine finally has completed her Bachelor's degree after many hours of studying and work on her computer! She now has more letters after her name ☺ Alicia is home from college now and finally got her braces removed and is so happy about that! She has decided to study Algebra during the summer, so our time with her is limited☺Austin is helping a local rancher and is learning to become a cowboy! Caleb, Luke's son just graduated from 8th grade! Lee has a job during the summer months in Tucson so is living with his sis. Michael has a job laying cement there in Spokane and loves it! Larry and Austin were able to visit him when they went up to get the new Kodiak last week! We were happy about that!

So life goes on and we all just keep getting older! This year Paul and I celebrated our 51st anniversary and both of us will reach the ripe old age of 74....and maybe no more, if Jesus comes back!!! That indeed is our prayer!

The Gospel continues to be preached across the World and we count upon your prayers to keep it going! Thanks for being a part of such an important work that is on God's heart! He is not willing that any should perish! Our own country is in dire need of a spiritual awakening and we continue to pray for it that they will turn to God! Do have a Blessed July 4th together...We are grateful we still have liberty do what we do! Oh... Paul will be at Oshkosh this year! Go see him!

With our love and gratitude to God for you!- Paul and Pat Dye -
