

-“There’s a **NEW NAME** written down in Glory....
And its mine..oh yes its mine!
Where the white-robed angels sing the story
A sinner has come home.”
For there’s a **NEW NAME** written down in Glory,
And it’s mine, oh yes it’s mine!
With my sins forgiven I am bound for Heaven
Nevermore to roam!”

Happy 4th of July!

June-2017

DEAREST FAITHFUL ONE IN CHRIST! Loving greetings!

For several months now, our Mission, once called **New Tribes Mission** had been talking about a name change. Finally....after months of planning and us waiting for the big day to hear, the people at our Mission Headquarters organized a simulcast on the Mission’s 75th birthday, which would be broadcasted to every single one of our Mission bases. So NTM Aviation was one of those places. We were not able to attend though,as our grandson was graduating from A&P school of Aeronautics during that very time in Tucson and we wanted to attend this important occasion for him! On our way, it was almost 4 o’clock the hour of the broadcast,so we decided to stop at a McDonalds,which was on the way where there’s also Wifi so we wouldn’t miss this important occasion. We found a seat in the back,thinking we’d have more quiet there and got our computer on and ready to listen to the simulcast. I had imagined there would be horns playing and people singing as it was our Mission’s 75th birthday!!! But... alas, it was not that way...A very simple program was presented. But between Paul and I trying to hear what was being said, and the awful noise in McDonalds and us sitting as close as possible to our computer, we did grasp... the **NEW NAME!** ...**Ethnos 360!** Whaat? What was the matter with New Tribes Mission? It fit us for 75 years...why the change now and,why this difficult **NEW NAME?** It was a disappointing time for us indeed! It was hard for us to put our thoughts around it all as we traveled the rest of the way to Austin’s graduation.

We thought much about how Paul’s Dad,Cecil,being one of the Founders of New Tribes Mission and how that on his knees,he sought God for direction. This took place in the early 1940’s, and how that 16 people wanted to obey the call, including the Pastor,and his wife and family of 3, Paul being the youngest, left that thriving church in Saginaw, MI.and traveled far to begin the first work of New Tribes Mission in Bolivia, S.A . Cecil and 4 other men,one being his own brother,...took serious thought of the dangers that would face them but their only intention was to reach a primitive tribe called the Ayores, living in the deep jungles, with the Gospel of the Lord Jesus Christ. Paul’s Dad and Uncle Robert,(married to Jean Dye for 44 days,) and three others, were killed on that first contact! That is our Dye Heritage and it’s very precious to each member of Paul’s family! << The best explanation_I have read so far about our Mission’s **NEW NAME**, is written by a co-worker of ours that works at our Mission

Headquarters in FL. It was printed in our Mission's news magazine that comes out quarterly. This magazine also has a **NEW NAME** called **ETHNOS 360**! I will use his words verbatim so you also can understand the why's and wherefores of this **NEW NAME** change.>>(Sorry if you have read this already) :(

Have you BackRubbed anyone lately? Odds are you have. BackRub was the name of the technology that went on to revolutionize search on the Internet. We call it GOOGLE today. And while Google is now a household name, stop and think about it a minute. What on earth could that name possible mean?)if you're really curious ,(Google it.)

The more pertinent question is, was it the name that made Google successful? Of course we know it wasn't the name that made Google the number one search engine in the world, but rather, what they did and continue to do even better.

But it's also not hard to see that the name Google put the company in a better position to tackle the worldwide market than the name BackRub. That, in a nutshell, is why we're now **ETHNOS 360**.

TIMES CHANGE: THE VISION ENDURES THE VISION OF THE FOUNDERS OF **NEW TRIBES MISSION** IN 1942 IS THE VISION OF **ETHNOS360** TODAY. SEVERAL IMPORTANT COMPONENTS OF THAT VISION WERE SPELLED OUT IN THE FIRST ISSUE OF THE MISSION' OLD MAGAZINE WAY BACK IN MAY OF 1943. **"BY UNFLINCHING DETERMINATION WE HAZARD OUR LIVES AND GAMBLE ALL FOR CHRIST, UNTIL WE HAVE REACHED THE LAST TRIBE REGARDLESS OF WHERE THAT TRIBE MIGHT BE."** CHRIST COMMANDS US, **"GO THEREFORE AND MAKE DISCIPLES OF ALL THE NATIONS, BAPTIZING THEM IN THE NAME OF THE FATHER AND OF THE SON AND OF THE HOLY SPIRIT, TEACHING THEM TO OBSERVE ALL THINGS THAT I HAVE COMMANDED YOU...** (MATTHEW 28:19-20) HE HAS GIVEN THAT RESPONSIBILITY TO HIS CHURCH—TO YOU AND ME. THAT'S EXACTLY WHAT **ETHNOS 360** IS ALL ABOUT!! Just as we recognize that Google was a better name for a worldwide market, so also **ETHNOS360** is a name that puts us in a better position to reach our ever-changing world. How? By putting the focus on every people group .

From the beginning, New Tribes Mission worked with unreached people groups. Many were remote, but not all. Did you know that our Mission at one point worked in Japan, and today works in towns and even small cities, in addition to the many isolated places that we've come to be associated with? So just as the name New Tribes Mission became synonymous with reaching remote, isolated people groups, we're hoping that **ETHNOS360** will become synonymous with establishing thriving churches for every people, wherever they are. That includes countries we cannot enter in traditional fashion. It includes people groups in towns on major highways, in suburbs, in their own communities in cities. It may include refugee camps or nomads. but it also includes remote, isolated people groups. That's where so many of our missionaries minister, and there's work to do there in years to come. And this **NEW NAME, ETHNOS360**, positions us to reach every people. In 1948, the Mission's magazine took a humorous look at issues with the name **NEW TRIBES MISSION**. they came to this conclusion: 'WHILE SOME MAY BE CONFUSED BY THE NAME, I AM SURE THAT AFTER WE HAVE HAD THE OPPORTUNITY TO EXPLAIN WHAT OUR NAME MEANS, THEY ARE MADE MORE CONSCIOUS OF THE OBJECTIVE OF THE MISSION THAN THEY EVER WERE BEFORE' That's my goal right now. Will you join me?__Ian Fallis, Managing Editor

There you have it! We have waited until now to write and let you know about all of this.

Well... Life has gone on since the **NEW NAME** change, but NTM Aviation will stay the same until a later date! But to alert you!!! the address of our Mission Headquarters also has a **NEW address...It is as the following: (ETHNOS360 at 312 W.1st St. Sanford FL. 32771)** The Mission is now located up the road from the old location and it is now in a building, **NEW** to us, that used to be a bank, but it has been remodeled to fit our Mission's needs. In the former hdqtrs. building, they had to fight with the mold and smells that placed our co-workers living and working there in health jeopardy. But now, the **NEW** location gives our co-workers freedom from all of that and it looks very nice in the pictures. We are still here in McNeal, AZ. same address and finding life busier than ever. Paul and I thank God for the privilege that we have to serve God in the different capacities He has given us. We covet your prayers for us that we will be faithful until the Lord calls us home! Many of our co-workers have gone onto Glory, others are ill, we know not the future, only July 27th, and that too might change :) when I Pat, will be having another knee replacement surgery, this one on my bad leg. I can hardly wait :) But would ask you to pray for me that my life will radiate love of Christ in the midst of my pain. **We love you and thank God for you!**
