- Prayer Requests
- Thankfulness

Eternal Investment

Dear friends, God has given us the privilege of investing our lives, talents and gifts into full-time ministry to effect unreached ethnic groups worldwide who need to hear about the, **One True Owner Boss**, our Lord and Savior.

As DOM, I, Larry, maintain and oversee the aircraft maintenance projects in the hangar for the training aircraft and outside projects. Kim continues to manage the NTMA Guest facilities for the many visitors passing through.

Two new Pilot /Mechanic families are now in training. Alex & Elizabeth Minium and Nathan & Emily Willems are top notch, capable couples and have been a joy to get to know and have an input into their lives. It is so awesome to see God bring young new blood to the missionary aviation part of the team of reaching the lost around the world.

You can watch a short video of a package drop training lesson by clicking on the play button. Or by typing <https://vimeo.com/240825147>

Kim's Thursday Café is for the ladies to share together their joys, sorrows, testimonies, and get to know each other. It's

a time for the staff and trainees to relate to each other and grow in understanding. Kim loves the comradery that this activity brings and really puts forth the effort to create a nice setting!

The R44 is being leased to JAARS for training Purposes. Larry accomplishing some Service Bulletins

"Having 621MB all set up for loading stuff in and tying it down brings me great joy. 😊 I really appreciate all the work you did on this Helicopter. Especially the things I was working on, but ran out of time there to finish. Not being able to finish things is one of my least favorite things in life. On the other hand when someone, like you, who is more capable to do a great job on it than I, comes along and bails me out it is a good feeling. I would be hard pressed to be working on some of those little mods here with both limited time and material. It is so good to have it all done and done well. So thanks a lot!"

-Brian Schaadtt
(Our good friend & R66 Pilot/Mechanic who received the new R66 helicopter that Larry and team here painted, crated up and sent.)

Larry walking Frank Ruscio through an Annual Inspection

Austin has a starting date of December 18th to work with 'SkyWest Airlines' in Milwaukee, WI. as an A&P mechanic. We will greatly miss having him around in AZ. On the positive side, Austin has two uncles and family in WI that he can visit when time permits!

Alicia continues to work as a 'temporary' in the HR department of her work place. She is seeking employment everywhere but can't seem to connect with anyone who wants to hire her. Finding a job in the Business and HR placement in Tucson is very hard. Pray that God would grant her prayer request for a good paying job. She is finding that it's who you know, not what you know. She attests to the fact that God has used this time to grow her and intervened in many ways on her behalf!

"I urge, then, first of all, that petitions, prayers, intercession and thanksgiving be made for all people" — 1 Timothy 2:1 (NIV)

Please Pray

- Safety in flying and during maintenance here at our training facility and on the various fields of service (PNG, INDONESIA, PHILIPPINES, BRAZIL)
- Austin's up and coming move to WI to work as an A&P for SkyWest.'
- For God to continue to provide for Larry & Kim as they serve full-time with NTM Aviation.
- For Joy, Peace, Protection, and Servitude on the team

Larry, Kim, Alicia and Austin

Your partnership is an investment and we are humbled by the vital role that you play!! Because of your involvement we are able to serve in the support role for the many tribal missionaries who are out in the far reaching remote locations accomplishing the task of church planting. **Thank You so much!** May God bless and Keep You.
