

Dear Ones at Immanuel,

I want to THANK each of you for your prayers and financial support. I can't tell you how often that has blessed and been an encouragement to me.

I find my heart full and rejoicing in Gods wonderful provision for me here in Saginaw. A cute apt, a wonderful view of nature, warm friendly neighbors, and churches that Honor God and and preach the Gospel.

I've started volunteering at Community village one day a week. I Love the staff and residents.

While reading my daily devotional I ran across something interesting- it was talking about " True wisdom and how that works out in Godly chatcter--being peaceful,caring,humble, transparent,gentle and gracious to the core. These are qualities I want evident in my daily life as I walk with God.

I continue to keep in touch daily with friends and prayer requests not only from Florida but, around the world. In Papua New Guinea the bibles for the Siawi and the Hamtai will arrive in New Guinea soon and the dedication services will take place. Also in the Dom tribe a large translation project is under way.In the Dao tribe in the Philippines the people are starting to listen and take Gods Word seriously Pray they would clearly understand all they are being taught

*I Love Your Prayers  
Love in Christ,  
Cheryl Euler*
