

Dear Ones at Immanuel,

Psalms 103. 1 says " Bless the Lord oh my soul  
and all that is within me bless His Holy Name.--  
That's how I feel--So very Blessed by God. Not  
only for allowing me to be here in Saginaw, But  
His rich Blessings keep on Flowing.! Thank You for  
your Wonderful Prayers and Financial support. Each of  
you have helped make my adjustment to Michigan a real  
pleasure.

One situation that had given me some concern was my  
computer. I use it daily to keep in touch with  
F  
friends in Florida and more important. Prayer  
requests from ntm homes and around the globe. Praise  
God after much help and delays -everything is up and  
running.

As of July 1st--I can use the formal word retired--  
yet, we never retire--we just continue to ask God  
to use us as He sees fit. We trust God to make a  
living example of Him to others. I want to be a  
Blessing and make a good witness where ever God places me.

I also want to make a positive influence like  
over

like the song says--more like my Master I would ever be.

I sometimes find it a challenge to see, people as God sees them.

News from overseas is always welcome and makes me aware that God is at work. In Indonesia among the DAO tribe --the believers are soaking in Gods Word and see Truth in the teaching from Galatians. What a thrill to know they are growing in knowledge of Christ. In Mozambique the first believers are now teaching their own people literacy classes. Pray that these classes are well attended.

I must close--Please continue to pray for me as we Serve God together.

Love on Christ,  
Cheryl Euler
