

Summer of Hope

Most people who visit the Rescue Mission are surprised to learn that the Mission provides shelter to more people in July, August and September than in the winter months.

This summer you can give a homeless person a Summer of Hope when you pray for them. Our guests desperately need your prayers. Please remember the Mission staff and volunteers, also, as they prepare to stock cupboards, serve meals and offer the joy of knowing Jesus Christ in an effort to give men, women and children an unforgettable Summer of Hope.
