As our country looks to celebrate another year of independence, freedom and blessing, we tend to reflect on the strong characteristics

that have sculpted us into the country that we are today. Mark Seramur, a veteran and Discipleship Program member, reflects on the time of his service and remembers a time surrounding the Vietnam war when America was faced with difficult decisions. Today, Mark finds himself in a country facing a different issue that he defines as the rights of individuals vs. morality. "God will not tolerate immorality forever." When asked where he finds God, Mark said in his decision to stick with the Discipleship Program, as his human nature would have had him quit long ago. For victory over the difficulty we face as Christians in 'staying with the program', and the difficulty our country faces in maintaining the course our forefathers laid to uphold God's moral standards, we must have wisdom. Proverbs 2:7-9 states, "He holds victory in store for the upright, he is a shield to those whose walk is blameless, for he guards the course of the just and protects the way of his faithful ones. Then you will understand what is right and just and fair-every good path."
