

News for the Pews

Hope Springs

Sophia and her mother, Amy, came to us last fall. Amy never expected to find herself at a homeless shelter. She came from a big home and a good job, but a divorce and complications from her pregnancy landed her here.

"I was afraid to come here, I didn't expect to get so much help," Amy said, "and what was done for Sophia at Christmas was amazing. I didn't realize how many resources they could connect me with. I have always believed in Jesus, but coming here has brought me back to Him by going to chapel, etc. It felt like many of the sermons were meant just for me."

Amy and Sophia have good reason to hope big. They are moving into their own place next week and Amy will start classes to become a nurse. Please join us in praying for this family.

Sophia

What keeps us alive, what allows us to endure?

I think it is the hope of living, or being loved.

~Meister Eckhart

Hope and Care Totes

This is an easy way to help the homeless and hurting.
