## Blessings, Harold!

12 years of military service.  
587 Airborne Ranger jumps  
25 years of construction work.  
Harold lost everything when his legs gave out.

Harold has been at the mission for 1 year. In that year he has had one hip replacement surgery and has the other hip scheduled for surgery. "This place does a lot of good things for guys that come here. They have helped me tremendously. God and I parted ways at some point during my two tours in Vietnam, but I've come a long way and I'm starting to go to St. Mary's again."

Harold gave a special shout out to Daniel Bhandari for helping the guys find jobs and get back on their feet. "He tries really hard and is doing a great job!" After Harold recovers from hip surgery #2, he plans to move into his own place, and get back into the construction business.
