Life is full of hope for Jamie. In a few weeks she will be moving from the Rescue Mission into her own apartment.

She's found her soul mate, and she has a grandchild on the way.

Getting to this point hasn't been easy for the 46-year-old. Life has thrown her some curve balls but through it all she's faced her trials and tribulations with a smile on her face. For that, she credits God. "I try to keep a hold of God's Word," Jamie said. "He's out there and He loves you. You have to keep Him close."

Jamie originally found herself and her children coming to the Mission after her divorce and being evicted from their home. After some time passed, Jamie left but encountered a lot of challenges. She was stricken with respiratory failure, her mother passed away, and she lost three sisters and one brother to drugs.

Jamie recently returned to the Mission. She's saved money and is being accountable. It is paying off.

Jamie is the first to admit, she wouldn't be where she is now if it wasn't for the staff at the Mission and her renewed faith in God. "I would be off track somewhere," she said.
