Changing Lives

Shan is a widow and single mother who was living in her own apartment with her daughter. After a legal issue caused her to lose her lease, she sought shelter at the Rescue Mission. While it was a hard decision to make, she did it to restore stability in her and her daughter's lives.

At the mission, Shan has found support through the staff and volunteers. She's completed the Life Skills classes, the Jobs for Life program and has begun attending church again. Shan attended this year's Anniversary dinner as a testimony to the thankfulness she feels towards the Rescue Mission, its staff and supporters.
