

We have been thinking a lot about priorities recently. It is so easy to become tied up with things that don't last for eternity. Our priority is to encourage people who have a desire to reach the unreached, souls that last for eternity. Pictured below is a group that we were able to spend time with at Youth Ministry Fest. Many really have a heart to serve the Lord. Please pray with us that they not become side-tracked by the world.

This group has gone with us on mission trips. Please continue to pray for laborers .
