

Winter 2013 has brought us a lot of different driving conditions for our meetings. Last year we were never affected by snow or icy roads. This has been a different story all together. We have had snow covered or icy roads on all but two Sundays. But we are praising the Lord we have been able to make each meeting on time.

We continue to promote Wayumi Expedition for young people. This is in Jersey Shore, Pa . Of the two weeks we are at Wayumi Expedition in June, there are now only about 25 openings left for your young people. For the price, environment, fellowship and the challenge from God's word, it is a great opportunity for young people. There are other times for churches at winter retreats, etc . Should you be interested, give us a call or email .

We ask that you pray for our time in churches and meetings that we will continue to be a blessing and a challenge. We are working at scheduling meetings in July –Oct . We would appreciate your prayers as we seek to get into churches in these months.

Our schedule for the rest of Feb and March is as follows;
