

Precious in the eyes of the Lord is the death of His Saints

Psalm 116:15

Our Mother, Lois Price, went to be with the Lord on Monday, September 23d, just one week short of her 91st birthday. It was very sudden and unexpected. She had had a good Sunday going to church and eating out. She woke early with chest pains and was taken to the hospital. After going through many tests without any conclusions she was resting when the Lord took her quickly. We are thankful that she did not suffer. She was able to live with Debbie, my sister, until the end and take care of her own needs. We are so thankful for her godly example through the years.

Please continue to pray for laborers. We need to replace the precious saints who are ending their race. Pray for those who are in Bible Schools and Missions training to not be sidetracked. A new generation of soldiers are needed to carry on the spiritual war.

Dan just got back from the Wayumi pastor's conference. A record number attended. It was a very encouraging time. Pray for those pastors as they go back to their churches that they will be able to challenge their congregations.

Thank you to all who faithfully support us with prayer and finances. You are a vital part of the team.

For the tribes,

Dan and Kathy Stokes
