

Just arrived home from our annual trip south. We avoid a little bit of the winter and get to see two of our daughters and their families. On the way to Florida and back we stopped in four churches to challenge and encourage with what the Lord is doing around the world.

We thought that you might like to see a summation of our travels. The 18 day trip started on January 15 and ended on February 1. The total miles were 2,528 in 11 states. We spent time overnight in Ohio, Virginia, Kentucky, South Carolina and Florida. We had 7 meetings in four churches challenging believers both young and old to be involved in God's program of reaching the world with the greatest message ever heard. We appreciate your prayers for us as we traveled and ministered to so many of our old and new friends.
