

STOKES SUMMER 2016

This has been a great summer so far. After a full speaking schedule in the month of June we were privileged to represent NTM at the annual IFCA Convention. It was great to see old and new friends serving the Lord in local churches. The laborers facilitated by NTM come from committed local churches. Pray for the leadership in our local churches to catch the vision that they need to pray for laborers from their own congregations.

Last week we had the privilege of going with a group of great young people from Immanuel Bible Church to Wayumi Expedition. WOW what a great week we had! Pray that the Lord will continue to challenge all who were there last week. You may have heard in the news about 17 young people shot in a night club in Florida after midnight. What a blessing to be with youth who are not involved in those things but desire to give their lives for something that counts for eternity. Taking your teens to **Wayumi Expedition** or your church group to a **Wayumi Retreat** are great options for your church to experience missions first hand without leaving the states. We would love to talk with you about them.

Great week in central Pennsylvania

While at Wayumi we celebrated our 48th anniversary. On that day we received two answers to prayer. We were informed that Alec and Elizabeth a couple that we have been praying for for a number of years will be entering Missionary Training in Camdenton, MO in August. And Leanne who was the chaperone for our girls applied to enter New Tribes Bible Institute at the end of this month. We received both pieces of news on the 27th. This no doubt gave us a great anniversary!

LOOKING AHEAD

Dan will be flying to Sanford, Florida on the 25th to drive a truck for Joy and Duane to Smethport, PA. They are putting their things in storage in preparation to serving in Columbia, South America. If you would like to hear about their future ministry, you could contact them at duane_lauver@ntm.org

In September we are scheduled to be in two conferences, one in the upper peninsula and another in Virginia. We are thankful for the opportunities that the Lord gives us to be a part of what he is doing around the world. And you are our partners in reaching the unreached. Thank you for standing with us.
