

We need your help at Wayumi, the Mobilization Center for New Tribes Mission located in Jersey Shore, Pa. Wayumi is the place for churches and Christian colleges to learn

About working cross-culturally. It is an effective tool in recruitment of missionaries. Wayumi Expedition is designed especially for teens and has been a great success. So much so that:

We need Cabin # 7 built and paid for before June 1.

We are overcrowded.

(good problem to have!)

Cost of materials for this project is **\$4,000**. We have some of the volunteers ready to start building in May.

It will take one church who will give the \$4,000 or 40 people who would give \$100 or 80 people to give \$50 or many giving \$5 or \$10. This is a vital part of reaching people.

We are asking that you invest with us on Cabin # 7. The need is urgent. We could house an additional 50-60 young people who will hear the challenge of missions.
