

Well --- our car has clocked over 5000 miles since we left home on June 17th! After having the car pointing west for two weeks, near Seattle we took a left-hand turn and headed south. Then in Los Angeles we took another left turn and pointed the car east toward Missouri again. We'll arrive home, Lord willing, in about a week after traveling another 2000 miles.

We have been refreshed, motivated and encouraged as we've visited along the way. There are SO many that we WISH we could have seen --- but that would take us another two months, at least! Our travel time each day is a little shorter and the stops more frequent compared to how we used to travel, but this has allowed us to make this trip! Many days end up being an endurance session for Faith but we're SO thankful for His enabling grace. This morning as I read 1st Corinthians 12 I thought again of our time together with many of our friends and family where Paul is writing about spiritual gifts. He says:

"There are different kinds of spiritual gifts, but the same Spirit is the source of them all. There are different kinds of service, but we serve the same Lord...A spiritual gift is given to each of us so we can help each other."

How awesome to be a part of the body of Christ as we see some teaching, some working with children and young people while others are encouraging and motivating believers in their walk with the Lord! It is a wonderful blessing to be a part of the body of Christ. Thank you for blessing us with your life! Thank you for your prayers and support!!!

When we get home we'll send a letter with more details about our awesome trip! Classes start again at the Training Center in just another couple of weeks and I will, once again, give the History of NTM which is one of my favorite things to do! How can you not love talking about God's wonderful faithfulness?!

Joyfully, Together In His Service,

Paul & Faith Wyma
