

Dear Immanuel Family

Hello! Hope you are well!

We are well. Thank you for your prayers regarding my back and herniated disc. I have a procedure Monday which we will hope will give some relief from pain, especially as we have a busy travel season coming up!

We'll be heading to Canada, NC, South East Asia, and down to Mexico to Radius all in the next month and a half. We appreciate prayer as we speak, teach and visit our workers in South East Asia. We're thankful to be heading back there soon!

We just had a wonderful Night of Prayer for the Nations (photo below) and had a good turn out and a blessed time together!

Many of our workers have faced some real health issues lately and have had to place their children or or themselves in the hospitals in the countries they serve in. It can be discouraging and when you feel weak and get behind in language and relationships. Appreciate prayers for that! Many have also had some wonderful opportunities to continually share their faith, truth and their walks with people who are asking good questions. Pray for open doors!!

We look forward to planning a big gathering with all of our workers this spring in Asia. It will have been 3 years since we have been able to plan a conference and so everyone is looking forward to connecting, for teaching and encouragement!

Thank you so much for your prayers and partnering with us in the work! We appreciate you standing with us in this great task!

The Lord bless you!

Thank you!

In Him

Julieann and Greg
