

Dear Immanuel Family

Hello! We hope that you are well!

We just finished a Senders Forum -for churches sending and partnering GSI. We had about 90 in attendance and it was an encouraging time together. We are so thankful for how the Lord brought everything together and a good group of pastors who could share resources and learn from each other.

This March we will mostly be out of the US. First we will be putting on a conference for all of our workers in SE islands. We look forward to a focused time together for teaching and encouragement. From there we head to the country of Georgia to teach at a missions training school.

We look forward to our first visit there and meeting students AND we are thrilled that 3 of our pastor and families from Ulan Ude, Siberia are traveling in to see us there! We look forward to this reunion! We aren't able to travel in to them but they can easily get to Georgia. We look forward to hearing how things are going for them there, as they can't freely communicate.

We receiving applications from current students at the training school in Mexico! We appreciate prayer as we interview and pray over those applying and where they would like to serve.

We appreciate prayer for Dylan and Natalie, as he will be deployed to Europe this March for 9 months. Thank you!

Thank you so much for your prayers and gifts to us and the ministry-we deeply appreciate your standing with us in the work!

The Lord bless you!

In Him,  
Julieann and Greg
