

Dear Immanuel Family

Hello! Hope you are well and encouraged in the Lord!

This week we head out to California for multiple church visits, meeting with pastors of sending churches to GSI!! And we will also be at the Radius Missiological Conference (which you can stream online if you register at: <https://radiusinternational.org/radius-conference/>)

We'll return and be getting all set for our GSI orientation! We're expecting a good number of people coming in from all over the US-even Alaska! Please pray for that time, that all the logistics come together, and that the Lord will be glorified as we welcome and spend a week with our new workers and their churches!

This week some of our staff are heading an educational/ teaching project in SE Asia! We partner with a university in that country where are workers are studying language! These kind of projects are a great way to continue to be connected and keep a good relationship with the universities and works in Asia and help our workers keep a good identity in their countries.

Thank you so much for all of your prayers and support for us and the ministry! We deeply appreciate your partnership with us!

The Lord bless you!

In Him  
Greg and Julieann
