

Dear Immanuel Family

Hello! We hope you are well and staying cool this summer!

We've had a busy summer and just finished up our GSI Orientation! It went really well- we had about 150 attending in all. We have 31 new workers joining us and had many of their fellowship's leaders and missions team join us! It's always an encouraging time together! These workers are all heading to different countries around the world.

We're already gearing up for the Fall-we will have 2 different trips to Asia, as well as visiting and teaching at Radius in Mexico. We appreciate prayer for planning for all of this, safe travels, and wisdom as we meet with our church planters in different countries.

We're excited that two new teams is heading out to Central Asia next month! Please pray as these families settle into new contexts and start a new life there! We're trusting for good relationships and open doors for them.

Attached are some photos from orientation-please don't post or re send them. Thank you!

Thank you for standing with us in this work! As people launch out we feel the weight of responsibility, yet trusting the Lord to meet all needs in all situations! Thank you for your prayers and partnership!

Love in Him
Greg and Julieann
