Dear Immanuel Family

Hello! Hope you are well and encouraged in the Lord!

We will be heading to MD this weekend to speak and the following weekend we head to Indonesia! It's an extensive time, as we will go to 3 different islands and see all of our workers in these locations! We appreciate prayer for safety in travel and wisdom as we meet with teams and individuals. Some teams are well into the work, involved in translation etc and some will be new, recent arrivals to the country! A couple of teams are just now forming and heading into their group to work with so it's very exciting to see people progress in their works and to see the Lord continue to open doors!

One amazing surprise is that one of the ladies that came to the Lord when we lived in Siberia is now actually working as a Bible translator in Indonesia. She is with another group but is flying into sees for a day while we are there! We are very excited to see Tanya-its been a few years since we have seen her!

When we return we will be gearing up to head to Radius in Mexico. They have started their new year with students and we look forward to meeting them and sharing about where we work! Please pray the Lord guides and leads the right people to work with our teams!

Thank you so much for partnering with us in the work and praying for us! We deeply appreciate it! We will update you once we're back in the US.

The Lord bless you,
In Him,
Greg and Julieann
