

Dear Immanuel Family

Hello! We hope you are well!

We are thankful that our area of Florida made it through Hurricane Ian. Part of our team live an hour south of us which was harder hit. Thankfully their homes were not flooded but they are still getting internet and getting back on their feet after the storm.

We head to South East Asia next week! We are looking forward to connecting with the families and teams in L and will be heading into where works are progressing and where teaching is beginning. We appreciate prayer as we travel, meet with many people and work with our church planting teams. Some are making decisions as to where to locate next so a really key time to go there. Right after we return, we head to Mexico to speak at Radius and meet with students. It will be a quick turn around so appreciate prayer for that as we deal with time changes! We look forward to the time of meeting with potential new workers going through the training.

Thank you for lifting up my back, I did have a spinal injection which has helped and trusting that all will go well with this travel coming up! We are thankful it is just a herniated disc!

Please continue to pray for our dear brothers and sisters in N Asia where we used to work. There is much fear, uncertainty, people leaving their country in the midst of rising prices and winter approaching. We met with a pastor from that country recently at a conference who had been out to our area of Siberia. He had just been with a few hundred pastors and as they said good bye, they realized they might not see each other until heaven, as their futures are so uncertain. But he said its a time of spiritual renewal and awakening, so we pray for the believers in these circumstances. Thank you so much for all of your prayers and standing with us in the ministry! We greatly appreciate your thoughtfulness and generosity!
May the Lord bless you as you serve Him there!

In Him
Greg and Julieann
