Dear Family and Friends,

We hope you are well and encouraged in the Lord! This summer has been packed full already and flying by quickly!

The Radius Missiology Conference in NC in June was an impactful and challenging time. We were able to connect with our current workers and some who have recently been accepted to serve with GSI. While there, GSI hosted a pizza night for those associated with GSI and partnering churches and we had about 80 total attend!

We are thankful for continuing and new partnerships with like minded organizations. We recently had Australian co workers who serve in training and equipping Australians for overseas work come to FL for meetings and join us for our Orientation.

We had about **195** in attendance for our **orientation** this last

week, and **38** new workers heading overseas! The theme of our orientation was **The Church: the Means and the Ends of Missions**—in the task, the church’s role in sending and seeing the Lord’s name proclaimed among the nations. We stand amazed

and in awe of the Lord in raising up new laborers going to hard places and churches that desire to equip and prepare people to serve overseas. To God be the glory!

"It was truly a blessing to be a part and I am looking forward to partnering more fully in the future. Words cannot express what orientation meant for me and my understanding of the task!"

A quote from one of the 80 or so church leaders who came with their missionaries they are sending through GSI.

Julieann was the best speaker at the orientation for our workers.

We are thankful to be planning overseas travel and heading to South East Asia this fall! Our team will be traveling to all of our regions this year and trips are being scheduled, which is encouraging to the church planters on the ground.

There are many challenges we are all facing in this world, but the Lord encourages us to persevere and press on in Him! He is doing great things. And as we look forward, we are prayerfully looking to open new regions and areas of service in Central and SE Asia. Please pray with us for open doors, wisdom and the right people to enter into these needy areas.

Thank you for partnering with us and praying for us! We are grateful for your partnership and can't do this work without you!
Love in Him
Greg and Julieann
