

RE-VISION Class

It's time to re-examine our commitment to our Mission, Vision, Values and Priorities and explore whether our ministry road-map is accomplishing God's purpose and agenda.

With the anticipated completion of our facility expansion in the fall of '18, we are going to take advantage of the time prior to completion to look again at our present ministry practices and plan for how they will be positively affected and improved by this new ministry tool. Beginning with our foundational purpose and priorities and moving outward toward all of our ministry practices, everything will be on the table for evaluation.

The RE-VISION Meetings will be duplicated on two nights each week for maximum participation; Sunday night at 5:00, and Wednesday night at 6:00. We encourage parents to attend the Sunday PM opportunity as childcare, children and youth ministries are provided. The Wednesday PM session will duplicate the Sunday PM and will be for those available that evening. (As we are unable to accommodate everyone on Sunday PM in our present facility, we request that meeting time be reserved for parents and those unable to attend mid-week.)

It's time to look closely at our doctrine and practice. It's time to provide honest evaluation and important feedback. It's time for careful planning for anticipated ministry advancement. Please be prayerful about this important opportunity and make plans to be a part.

The RE-VISION Meetings will begin on Sunday, January 7th and Wednesday January 10th.

- Pastor Mark
